High Value Plant & Animal Habitats

Corinna

This map is nonregulatory and is intended for planning purposes only

Town of Interest

Organized Towns

Unorganized Towns

Developed — Impervious surfaces such as roads and buildings.

Rare or Endangered Wildlife*

Endangered, Threatened, or Special Concern Species — Mapped observations of rare wildlife species.

Rare or Exemplary Plants and Natural Communities

Rare Plant Locations — Known rare, threatened, or endangered plant occurrences based on field observations.

Rare and Exemplary Natural Communities — Mapped features are based on field surveys and aerial photo interpretation.

Other Wildlife Habitat

Deer Wintering Area — Forested area possibly used by deer for shelter during periods of deep snow and cold temperatures.

Inland Waterfowl and Wading Bird Habitats — Breeding, migrating/staging, or wintering areas for inland waterfowl or breeding, feeding, loafing, migrating, or roosting areas for wading birds.

**Species and habitat labels are provided within and proximate to the town of interest.*

*Contact the **Environmental Review** Team at the Maine Department of Inland Fisheries and Wildlife for information on fisheries, wildlife, and critical habitat resources related to potential development activities and regulatory processes. IFWEnvironmentalreview@maine.gov*
